**2- Certified Quality System in accordance with ISO 9000 series:**  Yes  No

**3- List of subsidiaries covered by this certificate**

-

**4- Condition for the validity of the certificate of approval**

The certification is valid insofar as the inspection duties are actually assumed by personnel of the Supplier who has been assessed by the Society.

The Society reserves the right to invalidate this certificate of approval in case :

- Where the service was improperly carried out or the results were improperly reported .
- Where a Surveyor finds deficiencies in the approval service operating system of the supplier and appropriate corrective action is not taken.
- Where alterations have been made to the Company's Quality System relevant to the service supplier certificates , without written notification to the Society.
- Where the periodic audit, if requested, has not been carried out.
- Where wilful acts or omissions are ascertained.
- Where any deliberate misrepresentation has been made by the Service Supplier.

**5- Other conditions**

- Type / Model as per Service Engineers valid Certificate.
- Service engineers are to be provided with a valid Certificate, issued by makers, which defines their level of

-qualification and the scope of the certification (e.g., makes and types of equipment). This Certificate should be made available when requested.

**6- Endorsement where an intermediate audit has been performed**
